

Our mission is simple:

- + Deliver peace of mind through solar energy systems and whole energy appreciation.
- + Create economic opportunities for shareholders while being socially responsible in business and community.
- + Provide sustainable, world class, clean energy products and service with quality and care.

groSolar fulfills this mission by delivering the best solar energy systems, service and support in the industry.

Medallion Dealer

Exclusive membership opportunity only from groSolar:

- ☀ Custom programs, tools and training to grow your business
- ☀ A trusted business partnership with an industry leader
- ☀ Exclusive membership benefits and advantages

Advantage

Backed with the 10-year history of groSolar - one of the top North American solar distributors and an industry leader - Medallion Dealers gain a crucial competitive advantage in the marketplace. With access to training in sales, finance, business management and technology, Medallion Dealers are armed with the necessary knowledge to succeed in solar power. groSolar Medallion Dealers also benefit from creative business collaboration within an exclusive network of the best installers in North America while leveraging the trusted and highly recognized groSolar brand.

Business

Financing your fast growing solar business is a real challenge that groSolar can mitigate. Qualified Medallion Dealers have access to custom lines of credit, rebate financing and co-op programs designed to support your profitable growth. Added features are business management technologies and products that are field tested and proven by groSolar engineers and installers, access to four North American warehouses and preferential rights to the sometimes-scarce global availability of solar panels, provided that ongoing forecasts are submitted.

What the World Needs. **NOW**®

Marketplace

Market development support, tradeshow assistance and lead generation are further luxuries afforded by Medallion program participation. groSolar is experienced in commercial projects and serves as a resource or partner in the financing, engineering and execution of small and large commercial jobs as well.

Benefit

Medallion Dealer benefits include:

- + Sales Training
- + Secured Access to Panel Inventory
- + Lead Generation
- + Business Management Software
- + "Tradeshow To-Go Booth" access including product samples, visual merchandise, literature stands, custom flooring and collateral
- + Custom Marketing Support including co-op opportunities, ad design assistance, consulting and co-branded custom collateral

Success

If you want to be a solar leader in your market, the groSolar Medallion Dealer program is an imperative step towards your success. Please contact us today for further information at 800 GO SOLAR (800.467.6527) or visit our website at groSolar.com/medallion.
